

THE VERNON RECORD

VOLUME NO. 11

VERNON, WILBARGER COUNTY, TEXAS, APR. 12, 1918

NUMBER 25

COMMISSION NAMES J. S. COOK TO BE CITY ATTORNEY 2 YEARS

S. H. Hall Re-appointed Secretary at \$125 a Month at First Meeting of New Municipal Officers—Four School Trustees Renamed—Property Owners Inquire About More Paving.

Mayor-elect Harry Mason and Commissioners E. L. Witty, Harper Reed, and M. G. Neathery were present at the first meeting of the new city commission Tuesday. J. P. King was absent. J. S. Cook was appointed city attorney for the ensuing two years at a salary of \$40 a month. S. H. Hall was re-named city secretary and his salary fixed at \$125 a month.

There was no change in the personnel of the school trustees. J. C. Smith, C. T. Smith, F. L. Massie, and R. B. Sherrill were re-appointed.

E. M. Rogers, C. S. Ballew, L. S. Sewell, W. W. Bennett, Miss Lora Long, Mrs. A. M. Hiatt, Mrs. J. A. Carney, and Mrs. D. H. Henry were named a park committee to work in connection with the land recently acquired adjoining the country club property, as well as any other matters of this nature that may come up.

A committee of property owners called on the commission with regard to paving West Texas street. Mayor Mason told the petitioners that the city was ready to do its part at any time it was manifestly the will of property owners to make street improvements.

42 CLUB WAR SAVINGS SOCIETY.

Members Unanimously Agree to Take Up Work of Buying Thrift Stamps.

Mrs. E. P. Hicks entertained the Wednesday Forty-Two club at her home on West Paradise street Wednesday afternoon. This club has a membership of twenty-one who unanimously agreed to take up the work of a War Savings society, and buy Thrift Stamps and do other things that tend toward the winning of the war. Mrs. A. C. Boger was elected chairman and Mrs. J. W. Wheatley, secretary.

This club will play no more forty-two until after the Hun is vanquished. The afternoons are to be devoted to Red Cross work, conserving food and the buying of Thrift Stamps and Liberty bonds.

"Our hearts are in the work of winning this war and we have no time for recreation" said one member. "When this club was organized, we had minds that were free from care and we really enjoyed playing forty-two. Now all is changed and we talk of nothing but the war and we can't play for thinking of the conflict before us. So we are going to work in earnest and will not play until America is at peace."

TO A. & M. FOR TRAINING.

George Wallace Moseley Will Receive Instruction For Mechanical Work in Army.

George Wallace Moseley has been selected by the local Exemption Board to go to the State Agricultural and Mechanical College to receive special training for army work. He will be in school at the expense of the Government for two months fitting him for service in army positions requiring a knowledge of automobile driving and repairing, blacksmithing, carpentry, gun-smithing, sheet metal work, and other mechanical studies.

Mr. Moseley will leave Vernon April 14.

Wilbarger county's quota of the 8,000 men which Texas will be asked to furnish will likely be announced this week, according to Cecil Storey, chairman of the local Exemption Board.

Will Finish Paving in Few Weeks.

Work of putting the surface, or top coat, on West Wilbarger street is progressing rapidly. The contractors expect to finish the work within two more weeks.

Good Rain Around Tolbert.

M. A. Mayfield reports a good rain last week at his place on route 1 out of Tolbert. Mr. Mayfield says the precipitation was perhaps not more than a half to three-fourths of an inch, however, it was enough at this time.

RELICS OF WAR MAY BE SEEN HERE SUNDAY, APRIL 14

Special Train Bearing Interesting Exhibit From European Battlefields Will Spend About Three Hours in Vernon During Campaign for Sale of Third Liberty Loan.

As a means of arousing the interest of the people in the Third Liberty Loan, the Federal Reserve Bank of Dallas will have two trains, bearing trophies and war relics, tour the district. One of the trains will arrive in Vernon Sunday, April 14th, at 10 a. m. and will be here until about 1 o'clock.

The exhibit is the property of the French Government and was loaned to the United States. It comprises several carloads of war material of all kinds used in the present war in Europe. Several lecturers will be with the exhibit to explain the different articles in the exhibit.

The following announcement of the train is from the Federal Reserve Bank of Dallas:

"To attempt to describe in detail the history of this collection would be to tell the full story of the war. Nothing like it has ever been seen in America. It will thrill and hearten all beholders to such an extent that they will immediately want to align themselves in the way most available to the cause for which we are fighting liberty's battles. There are shown the type of torpedo that sank the Lusitania, airplanes, parts of Zeppelins and every kind of rifle and cannon used."

"These relics tell their own stories—the airplanes and the 75c, the mitrali-lenses and the trench mortars, the caskets and the big gun carriages with the barrels shot away."

"The French seventy-five-millimeter cannon, a part of this exhibit, was damaged at the battle of the Yser. It shoots twenty-three times per minute without rest, an automatic cooling process making this possible. This immense gun is so perfectly balanced that one man can move it around. The range is four miles. The barrel is perforated with machine gun holes, made in close quarter fighting. These are the guns that helped save Paris at the Marne, when the Germans were within fifteen miles of the capital."

GERMAN MORTAR AMONG EXHIBITS.

"A captured airplane of the Albatross type, with a speed of 125 miles per hour, is shown. When brought down, the two occupants, both officers, were dead. One wore the iron cross for bravery, and the machine itself, evidently for previous meritorious service, bore the same insignia.

"There is a large German mortar of the Minniewerfer type, captured at the Marne by General Joffre's men. This piece is used to break down heavy defenses, and, whatever it hits, everything is annihilated within a radius of several hundred yards. This is the weapon that makes the craters and shell holes of No Man's Land."

"One of the French 400 millimeter guns that shoots a sixteen-inch shell twenty-four miles, effective at twenty miles, is shown. There is a collection of German twelve-inch shells, captured at the battle of Arras.

"A notable relic is a Zeppelin bomb weighing 175 pounds each. Each Zeppelin crew consists of fourteen men, two machine guns and fourteen tons of projectiles. There are liquid bombs for incendiary purposes, a defective German shell that bursts out at the side, probably killing the nearest Boche; a French machine gun that shoots 550 shots per minute, the cartridges being fed on steel clips containing twenty-six cartridges each; a German trench mortar, captured at Soissons, and French catapults, a medieval style brought up to date, which throw grenades with immence force."

French Siege Gun.

"A peculiarly interesting piece is the gun carriage of one of the giant 120-millimeter French siege guns. This carriage was recently recognized by a French officer visiting Waco, who declared his promotion was gained in action around this gun. He shed tears of emotion when he satisfied himself of the gun's identity. These immense French siege guns have no recoil, so

Section of parade which opened Third Liberty Loan drive for Wilbarger county at Vernon Saturday. The county's quota was oversubscribed the first day.

BRICK PLANT RUNS CAR-LOAD IN DAY

VERNON'S NEW INDUSTRY IS
TURNING OUT PRODUCT
RAPIDLY.

BUY COAL IN APRIL L. G. HAWKINS URGES

FUEL ADMINISTRATOR WARNS
ANGER OF DELAY IN SE-
CURING FUEL.

SHIVE SCHOOL ADDS
\$800 TO WAR SALES

WEEK'S INVESTMENT BRINGS
TOTAL SAVINGS UP
TO \$1,385.

It is announced by L. G. Hawkins, local fuel administrator, that while the warm days of spring have arrived, the very serious fuel shortage of the winter just passed must not be lost sight of, and that immediate steps must be taken to prevent the recurrence of fuel shortage for private consumption next winter. Mr. Hawkins says a careful analysis of the situation has shown that unless the coal mines and other sources of fuel supply are operated every day this spring and summer, there will not be sufficient fuel to take care of the country's needs, and at the same time, accumulate enough to keep our families warm during the winter of 1918-19.

"It will be readily understood that fuel cannot be stored at the point of production, nor have the wholesalers and retailers in coal, wood, and other dealers sufficient storage capacity to carry what will be required for private consumption next winter. Consequently, it is imperative that the consumer buy immediately what he will need to keep his family warm."

The machinery is run by a traction engine.

The pay roll is bringing into Vernon over thirty dollars per day, according to those in charge. It is Mr. More's intention to enlarge the plant as rapidly as can be done, and turn out a number of kinds of brick.

COMMISSIONERS ASK FOR DROUGHT RELIEF

COURT ALSO CHANGES SALARIES
OF JUDGE AND COUNTY
TREASURER.

The Wilbarger County Court decided this week to undertake to borrow money from the State to supply seed and feed to persons who are not able to make arrangements to furnish themselves. Necessary applications have been forwarded to the State Department at Austin, looking to this end.

Judge E. L. McHugh says, however, that it will be at least ten days before the Court knows whether the proposition can be gotten through, and notice will be given through the press as the matter progresses, so that farmers desiring assistance will have ample time to act after the notice is published.

The Court voted to increase the county judge's salary to \$135 a month, and to reduce the salary of the county treasurer to \$1,200 a year, beginning December 1. It also resolved to add here to the laws governing the matter of fees for county officials, known as the fee system. Hereafter officials will be asked to turn over three-fourths of the amount of fees collected after the salary fixed for them has been secured, should there be any such surplus.

LIKED WILBARGER BEST.

E. D. Hurt Says He Looked the Country Over From Hopkins County to Plains.

R. D. Hurt finished moving yesterday to the place he recently bought from B. H. McDonald three miles west of Vernon. Mr. Hurt sold his farm in Hopkins county more than a year ago. "After looking the country over from Hopkins county to the Plains I bought the highest priced farm I found," Mr. Hurt said yesterday. "Like the South Plains and other sections, but Wilbarger county looks better to me than any of them."

Mr. Hurt paid \$125 an acre for 72 acres. The farm is well improved.

Local Option Election in Wichita.

Wichita county is to have a local option election on April 24. Several weeks ago the commissioners' court was petitioned to order an election at Electra. Electra voted in favor of prohibition. Saloons in Wichita Falls will have to close April 15 on account of the ten-mile zone law.

No Rain at Thalia Friday.

O. W. Derr of route 1, Thalia, was in Vernon Tuesday afternoon, and reports no rain at his place last week. Rain earlier this year put sufficient season in the ground that Mr. Derr's crop is growing, but moisture is badly needed.

Primitive Baptist to Hold Service.

The Primitive Baptists will have preaching at the Baptist mission house in Northwest Vernon Saturday night and Sunday at 11 o'clock.

DR. J. E. DODSON HEADS LOCAL WAR SAVINGS SOCIETY

Mrs. N. R. Heath Was Elected
Secretary at Organization Per-
fected Tuesday Night—Fargo,
Odell, Tolbert, Oklaunion, El-
liott, Harrold, and West Ver-
non Organized—Sales \$32,914.

VERNON CLUBS AND SCHOOLS FORM WAR SAVINGS SOCIETIES

Elliott School First to Report
for Place on Honor Roll With
Every Member Owning a War
Stamp—West Vernon, Oklaunion,
Harrold, Odell, Doans,
Fargo and Tolbert Organize.

The Citizens War Savings Society of Vernon, with an initial membership of forty-five, was organized at the mass meeting held in the courthouse Tuesday night, under the auspices of the county schools. Wednesday by E. A. Thomas, representing the Federal Government; F. L. Massie, chairman for Wilbarger county; R. H. Coffee, sales manager; and Mesdames C. J. Farrell and A. H. Murchison, in charge of the campaign for women.

Addressed were made by County At-
torney S. A. L. Morgan, J. Shirley Cook
and E. A. Thomas of Dallas, representa-
tive of the National War Savings
movement.

Every person present, except those
who had already joined other Savings
Societies took membership and sub-
scribed to the pledge of membership.

Dr. J. E. Dodson was elected pres-
ident and Mrs. N. R. Heath, secretary.
Meetings will be held every second and
fourth Thursday nights in the court-
house. An entertainment committee,
to assist the officers in arousing in-
terest in the society, will be appointed
by Dr. Dodson.

The campaign for the sale of Thrift
and War Savings Stamps was ex-
plained in detail by Mr. Thomas, after
he had reviewed some of the objects of
the United States in entering the war.

Following is the form of pledge
taken by members of the War Savings
Societies:

"I pledge myself (1) to systematic-
ally invest in Thrift Stamps and War Sav-
ings Stamps; (2) to refrain from unnecessary
expenditures and the purchase of non-essentials, in order that labor
and material now employed in the pro-
duction of articles not necessary to my
health and efficiency may be released
for the production of those articles and
supplies which the United States needs
for the support of its Army and Navy;

(3) to lend my earnest efforts to en-
courage thrift and economy in my com-
munity and to secure other members
for this Society; and (4) to invest in
United States War Savings Stamps and
Thrift Stamps, and to encourage others
so to do."

War Savings Societies were organ-
ized in all of the schools in Vernon,
where they had not been formed. Mr.
Thomas also visited Fargo, Odell, Wil-
bert, Oklaunion, Elliott, Harrold, and
West Vernon, organizing a Savings
Society in each school. He left yester-
day for Quanah.

R. H. Coffee, sales manager for Wil-
barger county, reported purchases of
War Savings Certificates and Thrift
Stamps to the amount of \$32,914.50. Of
this amount the Vernon Postoffice is
credited with \$14,956; Herring Na-
tional Bank, \$10,129.50; Farmers State
Bank, \$3,500; Waggoner National
Bank, \$3,075; First State Bank, Har-
rold, \$900; First Guaranty State Bank,
Oklaunion, \$354.

While the First Guaranty State
Bank of Vernon is not shown on this
list, its president, J. P. King, Mrs. J.
P. King, and Miss Minnie King have
purchased \$3,000 worth of Savings
Certificates. Other sales have been
made which should be credited to this
institution, except that they went in
through the local Postoffice. Here-
after the bank will receive credit.

The Odell banks do not report any
sales as yet; however, Mr. Coffey says
they are going to push the Thrift
Stamp habit in that community.

H. B. FARRELL BANK EXAMINER.

Herring National Bank Joins Staff of
State Banking Department and
Assigned to Amarillo District.

H. B. Farrell, assistant cashier of the
Herring National Bank, has been ap-
pointed state bank examiner, and has
gone to Austin for a conference with
officials of the State Department of
Banking and Insurance.

Elliott organized "The Burleson," of
which Miss Lena Stephens is president
and Miss Ruby Spears is secretary,
with eighty-three members.

Tolbert christened its war savings
club "The Hoover." J. N. Fulcher is
president, and Miss Ada Stephens is
secretary. The club has an even hundred
members.

Professor S. V. Shultz is president of
the "Doans War Savings Society," and
(Continued on page 8)

STATE TO APPROVE SELECTION OF ROAD

ADVICE FROM HIGHWAY DEPART- MENT INDICATES ACCEPTANCE OF NORTH ROUTE.

The State Highway Department will
approve the selection of the North
route for the road leading East from
Vernon which was made recently by
the county commissioners, according to
advice received from Austin yesterday.
Information received indicates that the
Federal engineers will approve the lo-
cation, too.

Judge E. L. McHugh says work will
be started now preparing plans for the
road. That does not mean, however,
that building will start at once. The
right-of-way must be secured and bonds
disposed of before any actual construc-
tion can begin, even when other pre-
liminary details are worked out.

No Rain at Thalia Friday.

O. W. Derr of route 1, Thalia, was
in Vernon Tuesday afternoon, and re-
ports no rain at his place last week.
Rain earlier this year put sufficient
season in the ground that Mr. Derr's
crop is growing, but moisture is badly
needed.

Primitive Baptist to Hold Service.

The Primitive Baptists will have
preaching at the Baptist mission house
in Northwest Vernon Saturday night
and Sunday at 11 o'clock.

MORE'S THEATRE

Presenting the World's Greatest Stars and Plays.

TODAY, FRIDAY, MATINEE AND NIGHT.

WILLIAMS HART

the noted Western character in

"The Tiger Man."

(Artcraft picture) Also 2 reel rip-roaring Comedy, BILLIE RHOADS AND GEO. OVEY. 10c and 15c.

SATURDAY, MATINEE & NIGHT

WILLIAM RUSSELL

Known as Big Bill, in

"IN BAD."

How an extraordinary young man used his originality and daring to capture a fair maiden's heart. Also Big V. Comedy "Stripes and Stumbles." Pictures only.

MONDAY—(IT'S A BLUEBIRD.

Harry Carey, with Molly Malone in "Wild Women."

Just the sort of a picture a tired brain needs now and then. Come for a good laugh, and it will make you forget the war. Also Cub Comedy. 6 reels.

COMING TUESDAY—BESSIE BARRISCALE in "THOSE WHO PAY." Special 7 reel production. Don't miss it.

At the Theaters

Pictorium.

Friday—Chas Ray will appear in "The Family Skeleton." Mr. Ray takes the part of a young millionaire who is made to believe that he has inherited his father's craving for strong drink. Such is not true, however. Believing this he plunges into a fast set, trying to prove that it will never get him as it has his father. He meets a girl, who seems different. The girl appeals to the family physician who tells her to proceed to cure him of this obsession. The way she does this and the success of the measure brings out some delightful comedy. The mirthmaking "Fatty" Arbuckle will appear in "Small Town Bully."

Saturday—Baby Helen Marie Osborne will appear in "Daddy's Girl." It shows her at her best and by its quiet humor and heart interest is calculated to please an audience. Baby Marie is a native of Denver and her father and mother are both professionals which probably accounts for her wonderful acting. Ham and Bud comedy will be shown also.

Monday—Clara Kimball Young and her own company will present "The Marionettes" from the play by Pierre Wolff. This play deals with the transformation of a dowdy wife, convent-schooled and country-bred, who determines to retain her husband's love. From an unattractive little frump she blossoms out into a gay Parisian butterfly and, as a result, the husband discovers his love for her. Miss Young takes the part of the neglected wife.

More's.

Friday—William S. Hart will appear as "The Tiger Man" in the play of that name. The scenes are laid in the desert. Hart makes a sensational escape from the Federal troops and he and his band of desperadoes find a party lost in the wastes of the desert without water. Hart becomes attracted toward the beautiful wife of a minister in the party and stays to assist them. When the gambling element plan to kill Ruth Ingram and her husband Hart offers to surrender to the officers if they will go to the protection of the Ingrams. He sacrifices himself and they hold their prayer meetings neither aware that the "tiger man" has paid a terrible price.

Saturday—William Russell gets "In Bad" in a play of that name. In following the gentle art of boxing, he falls over a banister and lands at the feet of a beautiful girl who refuses to be introduced to him. He determines that he will meet her and follows her to far-away Yucatan, where she has gone with an uncle on an exploring expedition. They meet each other just as the girl's people are about to be robbed by bandits.

Monday—in "Wild Women" Harry D. Carey surpasses himself. Imagine a bunch of cow boys cast away on an island ruled over by the homeless woman in the world, and her beautiful daughter. The queen causes the men to be brought before her and she selects Cheyenne (Harry Carey) as her husband giving the beautiful princess to "Pelon" because his head is like the sun. This does not suit Cheyenne or the princess. Later Cheyenne saves their lives and he is told to select his wife. He chooses the princess and gives

OKLAUNION TEAM WANTS BALL GAME

CLOIS L. GREENE, HUGH KING AND MINOR HAVIS
ISSUE DEF'L.

Another Napoleon has arisen—or is there three of him? With Clois L. Greene and Hugh King as promoters, and Minor Havis as manager, the Oklaunion fans are out for conquest. Of course it is all for the benefit of the Red Cross.

"Play ball!" they exclaim. "Those lassies who won Wednesday look like expounders of the art, and they are somewhat as compared to the polywogs. But just you wait, until they take us on, and that crowd of galloping girls will come back home looking like Spanish fleet after the battle of Manila Bay."

The promoters declare that Oklaunion is the original home of the art of hammering the horsehide, and if that community had just been a mind to Oklaunion would have copped more baseball notoriety than the home of Ty Cobb, Tris Speaker, Howling Huey Jennings and all the rest.

The proposition of Messrs. Greene, King and Havis, et al is that a team picked from the most elongated of the galloping girls and the most round of the polywogs, or any other old way, shall come to Oklaunion for a game Friday, April 19, for a game of baseball, and that the proceeds be divided 60 per cent to the Vernon Red Cross if the visitors win, or 40 per cent if the visitors cannot play in a class with the Green-King-Havis aggregation; remainder of the proceeds to go to the Oklaunion Red Cross auxiliary.

MORE WAR BOOKS AT LIBRARY.

Five Stories Having to do With Present World-Struggle Among Late Shipment.

Five books having to do with the great war have been received at the Vernon Free Library recently. They are "Germany, The Next Republic" by Ackerman; "The Story of Our Navy," Stevens; "The Pan German Plot Unmasked," Cheradame; "Ninety-Six Hours' Leave," McKenna, and "The Great Push," McGill.

Robert W. Chambers' great novel, "The Barbarians," was also in this shipment. This is a book of fact and fiction concerning the war.

"The New Testament in Modern Speech by Weymouth is on the shelves, and five new books of the "Elsie" series by Martha J. Finty." More new books are expected almost every week.

Will Increase Corn Exports.

Within the next month the United States will increase measurably its own exports of corn to the allies, and will cut down on wheat shipments. Special arrangements have been made for moving daily to seaboard, 500,000 to 750,000 bushels of corn daily for shipment.

But with a brave heart, full of love for the cause I undertook the job and to one and all I extend my thanks and also the thanks of the U. D. C.

W. S. FERRELL

I am offering the following well located property for sale or trade, cash or terms. One modern cottage containing five rooms, bath and kitchen pantry, two blocks of Main street, sidewalk, water and sewer, also electric lights; one nine-room house, two acres of ground in good location just in edge of town. One four-room bungalow, east front, close in. A. P. Peck. 14-9te

The Public Has Been Warned

The state and national fuel administrators have sounded a warning to the public that it will be necessary to begin to lay in supplies of coal at once. They wisely say that failure to do this may result disastrously next winter.

We submit the following facts for your consideration:

1. By buying coal at once you can get the grade you desire, also the amount necessary for your needs.

2. You will save enough in price reduction to overcome the interest on the money invested.

3. You can now assure yourself of ample supply of coal and save the annoyance of having to buy small amounts next winter when fuel will be hard to get.

4. By buying your coal NOW you will not only be doing a patriotic service by assisting to overcome transportation difficulties, but you will also be rendering a service to people who are not able to buy coal in quantities at this time of year; thus you will make it possible for the dealer to lay in excess stocks sufficient to take care of the requirements of people who cannot buy now.

In view of these conditions, we urge everyone who can do so to arrange at once for your winter supply of coal. This is a time when it is really dangerous to PROCRASTINATE.

We will now accept orders for immediate delivery subject to the price named soon by the State Fuel Administrator.

Do a real service by acting immediately.

Vernon, Texas, Friday, April 12, 1918

TIME TO DRAW THE LINE.

That stage of the war has been reached when it is time that the government should know who is actually supporting America's cause. Two Liberty Loans have been floated, and the call is now being made for the third.

Wilbarger lived up to her traditions with reference to the Third Loan. Collectively, our citizenship is due the highest praise for the magnificent record made last Saturday. We doubt if it is equalled in the entire United States. But individually, there are some among us who had no share in this splendid achievement. Many who were abundantly able have refused to do their duty. Some of these subscribed for bonds and some did not.

President Wilson sounded the keynote at Baltimore Saturday when he said those who fail do their full duty in these perilous times deserve the contempt of their fellow-citizens.

Some have been prone to criticise the indifference of the foreign-born, especially those of German blood, toward the war enterprises. Some of this criticism has been just. But there are those who have not the poor excuse of blood kinship to our country's enemies who did a craven part. It is fair to say that in the canvass for the Third Liberty Loan, just closed here, the German Americans for the most part did their share. Many of the most effective workers were men of German blood.

There is an excuse, although it is a weak one, for the German-American to fail America in her hour of trial. But for the American, whose fathers spilled their blood in order that we of this generation, might enjoy the blessing of free government, there is no excuse.

Any man who calls himself an American citizen—and he can lay claim to no higher title—should not be satisfied until he has gone his full length to help win the war, whether he came into citizenship by birth or naturalization. There is but one place for an American, and that is under the flag of freedom, ready to lay his last penny and even his life on his country's altar in defense of the principles involved in the war against Prussianism.

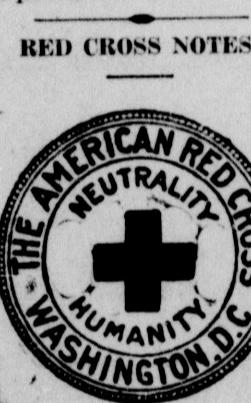

These are times that search men's charters and those who fail to stand the test of fire will be the objects of the contempt of their fellow-citizens, regardless of their past standing.

Failure on the part of the audience to give any response Saturday afternoon at the unveiling of the monument presented by the Daughters of the Confederacy when the band played "The Star Spangled Banner" was doubtless due to thoughtlessness. An American's pulse involuntarily quickens when a national air is played, and it is a rule as inviolable as that of tipping your hat to a lady, that an audience shall rise when "The Star Spangled Banner" is played; the men also uncover their heads. In the army it is required that soldiers shall come to attention on such occasions. That the unwritten law of rendering those little courtesies to our Na-

tional airs is wise no man who has seen its effect will doubt. It is inspiring; it makes for good citizenship; it instills into the youth a respect for the flag and love for his home land.

The old American notion of "taking a chance" is manifested by some of the citizens who prefer to sell their milk cows rather than have them given the tuberculin test. True, the test for tuberculosis costs \$5. It is no less true that an alarming proportion of the cases of white plague are contracted by drinking milk from tubercular infected animals. Men who have made most careful study of tuberculosis believe that the disease can be practically eliminated if reasonable precautions are taken. Surely it is worth \$5 to any family to know that it is not consuming milk daily which is alive with germs of tuberculosis. Undoubtedly it is better to dispose of a cow than consume her milk without knowing it is clean. Diseased milk is a menace to the whole community. Wouldn't it be a matter of wise economy to demand that the milk you use, whether it be produced in your lot or at a dairy, shall be tested against tuberculosis?

Seven hundred hotel men, assembled in New Orleans, voted last week to use no more wheat until this year's crop has been garnered. Monday a conference of 100 bakers was held in Houston, and a plan presented for the elimination of all pastries and cakes made of wheat flour, using wheat for bread only. Grimes, Denton, and other counties of North and South Texas have announced that they will forego the use of wheat before the new crop is ready. The reason? France has just reduced the bread ration for her citizens to about two-thirds of what it has been for the last year. Surely men and women in Wilbarger county will still further cut down their consumption of wheat products.

During March the Vernon Chapter of the American Red Cross made 14,163 pieces of gauze surgical dressing, sixty hospital garments, 150 Belgian refugee garments, and 2,607 garments for the Belgian Relief Commission. Individual classes are credited with the following numbers of pieces of gauze dressings: Mrs. W. D. Berry, instructor, meets on Monday, 2,708; Mrs. J. E. Collins, Tuesday, 3,354; Mrs. S. E. Trevathan, Wednesday, 1,481; Mrs. Harry Mason, Thursday, 1,337; Mrs. J. G. Sherman, Friday, 1,297; Mrs. G. C. Morris, Saturday, 200.

The Odell Auxiliary reports 860 pieces gauze dressing, 24 dresses, 36 pairs bootees, 36 shirts, 12 capes, 12 jackets.

The Oklum Auxiliary reports 707 pieces gauze dressing, 6 sweaters.

Tolbert has made 935 pieces gauze dressing, 5 sweaters, 35 pillow cases.

West Vernon reports 1284 pieces gauze dressing, 1 sweater, 1 pair socks.

The Wildcat Juiors have made 3 helmets, 1 sweater.

The sewing room has been moved to the ground floor of the Masonic Temple, a shipment of cut garments has been received and everything is in readiness to take up this part of the work again.

Following is a list of instructors:

Monday, Mrs. Geo. Robinson; Tuesday, Mrs. Birdie Parker; Wednesday, Mrs. E. M. Rogers; Thursday, Mrs. T. P. Lisman; Friday, Mrs. W. G. McDonald; Saturday, Mrs. J. H. Watts. Every woman who can give an afternoon each week to Red Cross work, and that should be every woman in Vernon, is urged to report to one of these instructors. Work may be taken home if that is more convenient than doing it at the work room, but every one should work somewhere.

The High school girls have organized a class in surgical dressing. They meet at the workroom in the basement of the Library Saturday afternoon at two o'clock.

Dr. J. E. Dodson is in Fort Worth for a few days.

FOSTER'S WEATHER BULLETIN

(Copyrighted by W. C. Foster)

Washington, D. C., April 12.—Last bulletin gave forecasts of disturbance to cross continent April 18 to 22, warm wave 17 to 21, cool wave 20 to 24. This storm will be most severe on Pacific slope and west of meridian 90 and will decrease in force east of meridian 90. Very low temperatures will precede it and are expected to gradually rise till near May 1. Rains of this storm will be fairly well distributed. Most rain in Eastern Canada and New England, decreasing toward the middle southwest.

Next warm wave will reach Vancouver about April 23 and temperatures will rise on all the Pacific slope. It will cross crest of Rockies by close of April 24, plains sections 25, meridian 90, great lakes and Ohio-Tennessee valleys 26, eastern sections 27, reaching vicinity of Newfoundland about April 28. Storm wave will follow about one day behind warm wave and cool wave about one day behind storm wave. Middle southwest lies between lower Mississippi river and the Rockies. This will be a moderate storm on the Pacific slope, will slightly increase as

it moves eastward but will not be a severe storm. Not much rain from this storm; most rain same as last storm.

Trend of temperatures will be upward to a greater extent than the season calls for. Generally good crop weather is expected for balance of April and everything favorable to corn planting.

South of latitude 40, east of meridian 90, and south of 45, west of that line, Indian corn should be planted earlier than usual and north of those lines later than usual.

In nearly all crop seasons some months are much drier than others and the planting, sowing and cultivating should be guided by the dates of most rains and greatest droughts. The kinds of crops to plant and sow should always be governed by the kind of soil you have and the amount and times of the principal rains and droughts. In some seasons corn should not be planted; in others wheat should not be sown. When we can follow these rules millions in labor, seed and production can be saved. We are near the time when these rules may be followed.

Declares Result Has Been Amazing

Gained Eleven Pounds On Tanlac Troubles Are Gone Now He Says.

It is not what the manufacturer claims for it, but the testimony of the multiplied thousands who have benefited by it that has made Tanlac the most famous medicine in the world today. A Palmer of 534 South Pearl Street, Denver, Colorado, a well known tailor who has been a resident of that city for six or seven years, in relating his experience with Tanlac, said:

"For several years I have had an awful lot of trouble with my stomach. Everything disagreed with me and after meals I would get that puffed up, bloated feeling and belch up my food sour and undigested. I got to the point where I was almost afraid to eat anything because of the suffering I knew it would cause me. I was constipated, had terrible headaches and my sleep was very poor. My system seemed to be all run-down. I was losing weight and felt tired and worn-out all the time. I was losing ground all the time and felt that unless I could get the right medicine my troubles would soon become serious."

"My wife who had been keeping up with the Tanlac testimonials persuaded me to try it and it has not only relieved me of my troubles but has built me up amazingly. I have taken three bottles and my stomach is now in good shape. My appetite is fine and I can eat what I want without feeling a sign of indigestion. My constipation and headaches and all that tired feeling is gone and I have gained eleven pounds in weight, besides. Tanlac has been a great thing for me and I don't think anybody suffering like I did can make a mistake by giving it a trial."

Tanlac is sold in Vernon by T. M. Ferguson Drug Company, in Harrold by Wilson Drug Company, in Oklahoma by Rainwater & Stark, and in Odell by R. J. Belcher. Adv. It

JUDGE COCKE ANNOUNCES.

Wellington Man Enters Race for District Judge Against Judge Nabors And W. C. Tisdale.

Hon. R. H. Cocke of Wellington authorized The Record to announce his name as a candidate for the office of District Judge of the 46th judicial district, subject to the action of the Democratic primary in July.

Judge Cocke has grown into mature manhood in this country; is held in highest esteem by the people who have known him all of his life, and is regarded as an able lawyer and jurist. He has served Collingsworth county as county attorney and county judge, and in both offices made an efficient and faithful officer. He has practiced law in this district a number of years and is held in high esteem by the members of the bar, who regard him as capable, honest and conscientious, with splendid mature judgement.

Judge Cocke believes in the enforcement of the law, and in conducting his court with dignity becoming a District Court. He promises efficient and expeditious handling of all court matters coming under his jurisdiction, if elected. Adv. 1tp

TISDAL WANTS 10 TO GO TO STATE FAIR

WITH \$250 IN PRIZES COUNTY AGENT HOPES TO GET 500 CLUB MEMBERS.

J. A. Dixie has agreed to give \$50 for the largest profits made by any member of the boys and girls clubs on an acre planted to any of the grain sorghums. The money will be divided, \$25, \$15, and \$10. A written report of the crop must be made to N. R. Tisdal, who has charge of club work.

Mr. Tisdal also has advice from the State Fair that that organization will pay the expenses of one delegate for each fifty members. The membership now is 376, and Mr. Tisdal is setting his mark for 500. After May 1 no new members will be accepted, but the county agent believes he can add 124 between now and that time. This would give Wilbarger ten delegates to the State Fair.

Special prizes amounting to \$150 are offered now to boys and girls who are club members, in addition to the prize of \$100 offered by the Chamber of Commerce for the most profit secured from peanuts, which is open to boy, girl, or grown-up. In addition to Mr. Dixon's offer, Daniel Bond has offered \$50 in prizes for Durco hogs, Lon Alexander of Childress offers \$10 for Poland Chinas. Professor W. N. Martin has offered \$10 for peanuts, and Professor E. L. Henderson \$5 for the best pig.

Good Rain at Chillicothe.

Sidney Ayers, who lives near Chillicothe, was in Vernon yesterday attending county court. Mr. Ayers says that nearly two inches of rain fell at his place last week. He also had a good rain week before last. "Folks around Vernon must be 'powerful' twirked," Mr. Ayers observed.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headache, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

SOUTHERN MOTOR MEN HERE. D. C. Wall and D. R. Coleman Represent Dallas Manufacturing Industry.

D. C. Wall and D. R. Coleman, representing the Southern Motor Manufacturing Company at Dallas, are in Vernon. Mr. Wall is district manager, and will be in Vernon only a short while. Mr. Coleman will remain in the Vernon district and vicinity for the present.

Mr. Wall's company will manufacture trucks, tractors, and pleasure cars.

The coming of this great industry to the South has been anticipated for the past few years, owing to the great success of the Wichita Falls Truck Company, who were the pioneer truck and motor manufacturers of the South.

Mr. Wall says, "They have met with marvelous success, and although but a few years old, have been able to their shareholders many thousands of dollars in profits. Today the 'Wichita' trucks can be found hauling great loads of freight, not only in every

State in the Union, but it is a known fact that they are today being used in fourteen foreign countries as well.

"The success of this company has demonstrated to the great financiers of Texas and the South in general that pleasure cars, trucks and tractors can be manufactured right here in the South, and sold to her people for at least 25 per cent less than they could buy the identical car or truck for, if manufactured in the North, and at the same time, those who pay the way by investing their dollars, to establish these great manufacturing industries will be able to receive the same great, big profits that have been taken down by the Northern manufacturers."

Mr. Wall's company will manufacture trucks, tractors, and pleasure cars.

The coming of this great industry to the South has been anticipated for the past few years, owing to the great success of the Wichita Falls Truck Company, who were the pioneer truck and motor manufacturers of the South.

Mr. Wall says, "They have met with marvelous success, and although but a few years old, have been able to their shareholders many thousands of dollars in profits. Today the 'Wichita' trucks can be found hauling great loads of freight, not only in every

PRICE AND QUALITY IN FOOD PRODUCTS

Price is one thing in food economy and quality is another. We all want food products for as little money as possible in the present strenuous times and at the same time we want quality in what we eat — quality is one thing we are particular about. We do not buy cheap food products just to have something cheap. We do buy high grade food products in preference to the cheaper and poorer grades. So that we may offer our customers a product that they will want again. We offer the following:

10 pound Cottolene	\$2.50
6 pound Crisco	1.95
6 pound R. B. M. shortening	1.85
6 pounds White Beauty	1.75
New South syrup 10 pound bucket90
3 Packages A. & H. soda25
3 Packages Faultless starch25
P. O. soap per bar10
Cotton Boll soap 6 bars25
Lenox soap 7 bars25
Teagarden Preserves large tins	2.25
Teagarden Preserves small tins	1.35

We have just received a car of cottonseed products in two grades. The "Cream Makes" we are selling at \$2.25 per sack and the Prats meal at \$2.60 per sack of 100 pounds.

These products consist of delinted hulls and cotton seed meal ground very fine and mixed together. Try these products and you will then know what their values are.

These Mothers' Sons Are Fighting For You

—yet 25c Lent to the Government Will Help Save a Soldier's Life

THESE God-given women—over a million strong—are giving their boys to make this a safe world for you and for me. And they ask nothing in return. Gladly they give what is more to them than their own lives without even a single complaint. Perhaps you and I can't go to war; perhaps we're needed at home. But that doesn't let us out. We've got to do our bit just the same.

And now comes Uncle Sam and says: "Lend me your pennies—25c at a time. I need them to help win this war and to save our boys' lives."

For today wars are fought with money, and every penny counts. 25c isn't much. It's a sum you can easily spare every few days, and you'll probably never miss it. But just think what 25c multiplied by a hundred million—the number of people in this country—amounts to. It's twenty-five million dollars! So you see, your pennies are needed—no matter how few you can spare.

You Don't Give—You Lend.

The mothers of this nation are giving the lives of their boys—yet you are not asked to give your money, but to lend it at 4 per cent interest.

How can any man or woman, any boy or girl, fail to save and lend their pennies when their mothers are giving the lives of their boys?

And your money is as safe as your country. War Savings Stamps are backed by the entire United States, and issued by the Government.

Surely there isn't a single person out of the hundred million who will fail to heed this call-for-thrift from good old Uncle Sam.

How You Can Make Your Quarters Work for You.

There are two kinds of War Savings Stamps—25c Thrift Stamps and \$5 stamps. The \$5 stamps sell for \$1.15 during April, 1918, and for 1¢ additional each month thereafter during 1918. That is \$1.15 in April, \$1.16 in May, etc. The Government will pay you \$5 for each of these W. S. S. on January, 1923.

The 25c stamps sell at all times for 25¢—the price does not change. When you buy your first 25c stamp at the Postoffice or any bank or store you will be given a Thrift Card with spaces for sixteen 25c stamps (\$1 worth.)

When the card is filled take it to the Postoffice, pay 1¢ additional—if you do it in April, after that 1¢ additional each month—and you will receive a \$5 stamp, which is described above.

If you want to sell your \$5 stamp any time before January, 1923, the Government will buy it back from you at more than you paid for it. Its value increases 1¢ each month, as it earns interest.

WAR SAVINGS STAMPS ARE AS SAFE AS THE UNITED STATES.

Only 25c Starts You

War Savings Stamps are meant for you—they enable every man, woman and child in the land to do his or her bit.

Go to your postoffice today, or the nearest bank. Give the man at the window 25c. He'll give you a 25c Thrift Stamp, and a Thrift Card with spaces for sixteen stamps.

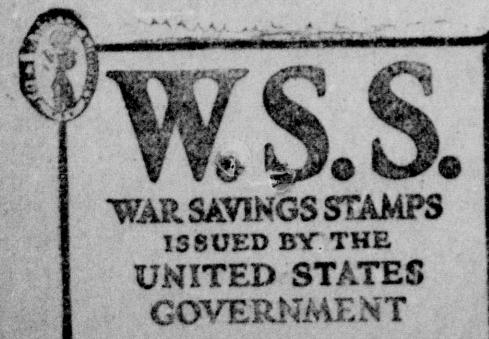

Whenever you can spare the change, buy one or two more—fill up the card. The sixteen stamps at 25c each will cost you \$4. Pay a few cents more and you'll receive a \$5 War Savings Stamp. If you buy this \$5 stamp in April it will cost you \$4.15, in May \$4.16, in June \$4.17, etc. And in January, 1923, the Government will pay you \$5 for every War Savings Stamp you've bought.

So when you buy War Savings Stamps you are doing your bit and making money too.

Pay All Cash If You Wish.

If you can afford to do it, pay the \$4.16 all at once for your first \$5 stamp. Then start to save for your second one, 25c at a time.

But whether you pay 25c for a Thrift Stamp, or buy the big stamps for cash—do it now, don't put it off. This is the time to start. Remember what a million mothers have already given for their country. Can you look them in the eye if you're not willing to back up their boys? Go to your postoffice, bank, or any store selling W. S. S. and get your first stamp today. Start right now.

Fargo News

Fargo, April 10—(by special correspondence).—J. S. Mason made a business trip to Vernon Tuesday.

Mr. and Mrs. J. T. Marr attended the Laymen's meeting at the Baptist church in Vernon Sunday afternoon.

A baby girl was born to Mr. and Mrs. Roy Owens, April 5.

Melvin Green has finished his business course at Holcomb's Training school.

Artie Hayes, and M. S. Smith were in Vernon Monday.

Jim Cato and family were in Vernon Saturday.

C. S. Smith, chairman of the Third Liberty Loan campaign in Fargo community, and his committee succeeded in raising nearly \$4,000 in two days' canvass.

I. M. Collier bought \$500 worth of Liberty Bonds.

Charlie Smith bought \$450 worth of Liberty bonds also \$1,000 in U. S. S.

A number of Fargo's school children and parents were in Vernon to help celebrate Liberty Day Saturday.

Rev. H. M. Hudson of Tolbert filled his regular appointment at the M. E. church last Sunday.

Play at West Vernon.

The West Vernon School will give a play tomorrow night, entitled "Uncle Abraham." It begins at 8:15 o'clock. An admission of 25¢ will be charged.

To the Voters of Wilbarger County.

In view of the fact that my competitors are using their entire time canvassing the county at this time, I wish to state it is impossible for me to do that now. My duties to the county as Commissioner and my interests at home are such that I cannot afford to spend all my time going over the county to get people to vote for me. However I expect to canvass the county as closely as possible and will make a special effort to see all the voters. Let me take this method of saying to the voters of the county, both men and women, whether I meet you in person or not, that I would appreciate a fair and impartial consideration at your hands. You have ample time from now until the primary in July to thoroughly investigate the merits of each candidate. I am of the opinion this is the wrong time for a heated campaign. We are confronted with other things of much more importance than running for office, and as for myself, I wish to state here that I do not intend for my political interests to interfere with my duties as a loyal citizen and as a County Commissioner. Very respectfully, It Adv.

R. COBB.

are much easier to serve than other models.

"For french warfare gun rests with periscopes are shown, so that the gunner can fire his weapon without putting his head in jeopardy. Supporting these relics are upward of 400 actual battle front photographs, some of very large size.

"Every riven piece of this collection of war relics tells the story of the flesh and blood that went with it to save the world from the diabolicalism which annihilated Belgium, devastated Northern France and threw into bondage little countries that could not protect themselves. Every remnant breathes of the heroism of the men who died from the lead and steel that hurtled into it."

"The desperate character of the fighting above the earth is depicted in a vivid way by a close examination of the captured Albatross biplane, whose canvas wings are perforated in hundreds of places and whose control wires are wrenched and twisted into tangled masses.

"The big Zeppelin bombs, the aerial bombs with fluted rudders, tell their grim story of death to women and children. The whole atmosphere of this hallowed collection of battle-scarred relics tells of deeds of valor, of sacrifice and determination to put out of the way this damnable Prussian octopus, whose poisonous tentacles must be loosed once and for all time."

Miss Ethel Westerman and sister, Mrs. Howard Hammons, will arrive home Thursday after a short stay in Arkansas City, Kans., where they have been for their health.

Mr. and Mrs. J. H. Pendleton went to Fort Worth Tuesday night on business and to attend the Military Review.

NOT AN IMITATION— BUT A RE-CREATION

That is what the New Edison renders—a Re-Creation, so complete and satisfying that *it is utterly impossible to distinguish the artist's voice from the instrument's*. Talking machines imitate but the New Edison Re-Creates.

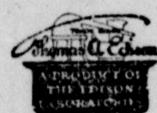

The famous Edison tone tests have demonstrated the power of this marvelous instrument beyond question. More than 1500 of these tests have been held; more than 30 Grand Opera stars have sung in them—sung in direct comparison with the instrument and proved that no difference could be detected. They have convinced 2,000,000 people that the strongest claims do not exaggerate the merit of

The NEW EDISON

"The Phonograph with a Soul"

You need music in your home. It is a resource—a solace—a real necessity in this time of strain and worry. Call at our store and receive a demonstration of this wonderful instrument.

GOSSARD CORSETS

The Original Front-Lacing Corsets

A perfect front—a perfect back—a perfect corset. Corsets are inimitable.

Women of every figure find Gossard Corsets graceful, youthful, perfect in every detail. The new Gossard front gives the tapering waistline, eliminates all appearance of fat or thickness at the front, and assures perfect freedom of the diaphragm, though never permitting an accumulation of flesh.

Gossard Corsets are not high priced. There is the utmost in quality in every Gossard, therefore it is practicing true economy to buy them at any price you may pay, whether it be

\$2.00 \$2.25 \$2.75 \$3.50 \$5.00 \$5.50 or up to \$50.00

Look for this name

Gossard

A Gossard will improve every figure. There are many Gossard Corsets designed for every type of figure; in a Gossard any woman may attain the ideal proportions of her type and that youthfulness of outline that makes possible the wearing of model suits and frocks without the tedium and expense of alterations.

WEAR GOSSEND CORSETS
They Lace In Front

A Gossard is so easy to put on You stand before a mirror, seeing and adjusting the bust and perfect freedom above the waistline, and so retain in your oldest Gossard the same lines you had when the corset was new.

PAIGE

The Most Beautiful Car in America

EFFICIENCY—that is the watch-word of today. It means speed. It means the elimination of all waste in time and effort. It means the correlation of brain and muscle in making each minute a productive minute.

If we are to win the Great War, we must introduce this doctrine into every phase of our daily life. As a nation, we must learn to challenge each tick of the clock and insist that it register Action.

In this connection, please remember that the automobile is one of the most efficient Time and Labor saving devices that has ever been developed. It has become the pace-maker of modern progress and to eliminate it would mean to turn back the calendar a quarter of a century.

In every profession and every field of business you will find the motor car performing its work with economy and dispatch.

It carries thousands of executives to and from their offices each day. It permits them to keep appointments on the dot. It multiplies their usefulness and broadens their scope of activities like no other form of transportation.

So, by all means, buy a motor car—but get a good one while you are about it. Look for a manufacturer's reputation rather than four wheels and a painted body. Look for enduring quality—that is all we ask—and you will be led irresistibly to the Paige.

FAT MEN LOSE BY SCORE OF 9 TO 4

LEADS DISPLAY PROWESS IN RED
CROSS BENEFIT BASEBALL
GAME.

The fickle goddess of fortune favored the phantom-formed Vermonites when the Polowogs and Galinippers crossed bats in a Red Cross benefit game Wednesday afternoon, and the heretofore undefeated disciples of Epicurus drank the hemlock with the score standing 9 to 4.

"Fatty" Armbuckles' protégés had only three errors marked up against them, which is just half the number charged to their elongated adversaries. Ten times did the horseshoe rebound from their labored swats, while the Galinippers belabored the spheroid an even dozen times.

At the end of the second inning there seemed to be nothing but a massacre for the fats. The score stood 3 to 0 in their favor; they scored again in the fifth time up, and after that the scorekeeper placed a row of ovals, commonly called "goose eggs." In their half of the third the sly-like athletes gambolled around the bases for three runs; they scored again in the fifth inning; and, just to show that they were body whole, in the ninth time at the bat they

amassed five circuitous credits.

The enthusiasm of a crowd that overflowed the grandstand and bleachers impelled Coffee, he of Thrift Stamp fame, around the circuit twice. Other scores were made by Murchison, Kinard, Timberlake, Morris, Robinson, Swartwood, and Lane. McCaleb, Dale, Warlick, and Shipp of the roundout order of Polowogs each counted once.

Twelve of the elongated host whiffed at the offerings of the mighty Atchison without avail, while Lane fanned nine

and Mason modestly struck out only one Polowog, just to show that he had the "spizernium" on the spheroid.

The line-up follows: Polowogs: Atchison 1b, Sherman 1b, Metcalfe catcher, Daniel 2b, Armstrong 3b, Carrington 3b, Dale 4f, Warlick ss, Rhoads ss, Dixon cf, Strickland cf, Shipp pf; Galinippers—Coffee 1b, Backus ss, Murchison 2b, Kinard c, Timberlake 3b, Morris rf, Ferrell cf, Robinson lf, Swartwood lf, Mason p, Lane p.
